Attached are Facebook posts showing a nexus between Charlene and SWA. Below are links to videos showing aborted fetuses. I could not find anything like this on Charlene's Facebook page, so I am not sure if she has more than one or if these posts were made on one of the closed sites. Please be forewarned that the videos are extremely disturbing.

Good morning! Included in this email you will find the links to the videos that were sent to Audrey Stone. Please be cautious when viewing the videos because they are quite graphic. The images attached are pictures from Charlene's public Facebook page which illustrate her connection to SWA. Please let me know if you have any questions.

Ok I know I have lots of FB friends who are Believers like I am. I shared this on a Flight Attendant Site today with friends and got a great response. So I thought I would share here too!! I Stand with Israel and America!! Make your statement who you support and let's show a World that We Believe in Isreal and our Blessed Country. Just one little way to get your voice/ point across.
